PROFESSIONAL SUMMARY

Second-year visually-impaired B.Tech Computer Science student at IIIT Delhi with hands-on experience building full-stack applications using Python, Flask, and JavaScript, and a solid foundation in C, C++, data structures, and SQL. Created an accessibility focused chess tool that lets blind players set up positions on Lichess. Three-time Delhi State Chess Champion for the Visually Impaired and FIDE-rated player (1614), bringing analytical and strategic thinking to problem solving**.** Seeking internships in software development and AI.

EDUCATION

Indraprastha Institute of Information Technology (IIITD) — **New Delhi**
B.Tech. in Computer Science Engineering Core — *June 2029*

Mount Carmel School — **New Delhi**
CBSE — *March 2025*
Class 12th - 95.6%

PROJECTS

Accessible Chess Position Builder https://github.com/ashwin-r2006/chess-analysis-code
Python, Flask, JavaScript, REST API, Lichess

- Built a full-stack web application (Flask, JavaScript) that lets blind and visually impaired players set up custom chess positions through a screen-reader-friendly form, converting the input into FEN notation and a one-click Lichess analysis link.
- Developed a REST API with server-side validation (invalid squares, occupied squares, king adjacency, pawn placement) and clear error messages; enabled CORS to deploy the frontend and backend separately.

Personal Portfolio Website https://ashwin-r2006.github.io/PortfolioWebsite/
HTML, CSS, JavaScript

- Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript to showcase programming projects and chess achievements, including the accessible chess position builder.
- Structured content into clear sections with live demo and GitHub links, ensuring easy navigation across desktop and mobile devices.

ACHIEVEMENTS

- Represented India in the International Junior Chess Championship for the Visually Impaired in 2024
- Delhi State Chess Champion for the Visually Impaired - 2023, 2024, 2026

CERTIFICATIONS

- **Python Data Structures** - University of Michigan https://coursera.org/share/87ef5d33abbb8fc24b96cad769acd245
- **Programming for Everybody (Python) -** University of Michigan https://coursera.org/share/68daa5dfa75682d1ff8baaf9d4517ef8

SKILLS

Technical Skills: Python, C, C++, JavaScript, SQL, HTML, CSS, Flask, REST APIs, RDBMS, Data Structures, Data Analytics
Languages: English, Hindi, Tamil
